# Lloyd Smucker

## for State Senator

*Lloyd Smucker will bring to the Senate a perspective that no career politician can – the perspective of someone who has met a budget, created jobs and met the challenges of the private sector.*

### A Family Man Who Shares Our Values

Lloyd Smucker is a lifelong resident of Lancaster County who was brought up in a traditional home where faith, family and conservative values are the basis of who you are. One of 12 children, his parents instilled in him the core beliefs of integrity, service to others, and working hard – beliefs he has used throughout his life. Married for the past sixteen years, Lloyd and his wife Cindy are today passing these values on to their own children.

### Real-World, Successful Business Experience

After graduating from high school, Lloyd Smucker bought a small drywall company with four employees and, over the next 25 years, grew that business into a regional industry leader here in Central Pennsylvania. As a businessman, he has met the challenges of the private sector: creating good-paying jobs for 145 local families, developing and sticking to a budget, serving and leading people, overcoming obstacles and making tough decisions.

### Proven at Protecting Taxpayers

As a West Lampeter Township Supervisor, Lloyd Smucker is applying his business world experience to government and making a positive difference for taxpayers. Without ever raising property taxes, Lloyd has improved services for residents, safeguarded farmland from development, managed growth, earned his township a top bond rating from a national financial firm, and developed innovative public-private partnerships to meet local needs without burdening taxpayers.
