LLOYD SMUCKER

for State Senator

We all know it's time for a change in Harrisburg – a change we just can't trust the career politicians to make. That's why we need Lloyd Smucker.

Lloyd is a successful CEO and small businessman who has created jobs, met a budget, and made tough decisions in the real world. He is also a proven local official who never raised property taxes while managing growth and improving services for local residents.

\$1.2 Billion in Spending Cuts & Real Property Tax Relief

Lloyd will introduce legislation to **cut government spending** – except for education and debt service – by 2% a year over the 4 years of his term, saving taxpayers \$1.2 Billion. Then he'll use that \$1.2 Billion to send property tax relief checks directly to homeowners. That's real property tax relief, not a tax shift.

A Taxpayers' Bill of Rights

Lloyd will support a Taxpayers' Bill of Rights that makes it harder for the politicians to raise taxes, puts an end to unfunded mandates that drive up local property taxes, and limits how much the state can spend in any year.

Preserve Farmland

As a local official, Lloyd helped preserve farmland and bring award-winning growth management tools to local government. In the Senate, he'll work for new initiatives that help preserve our farmland, revitalize our city and town centers, and ensure our unique natural heritage is here for generations to come.

Lead by Example on Reform

Lloyd will lead by example in Harrisburg and has pledged to take no per diems, no state car and no cell phone. He will work to make the legislators' pension and benefit system more like the business world's, with defined contribution 401k plans and medical benefit co-pays that save tax dollars. He will also support new initiatives to make government more open and accountable to taxpayers.
